GroupSave Tickets

A GroupSave ticket gives groups of between 3 and 9 adults a discount of 34% when travelling together at Off-Peak times.*

Make an advanced booking, simplify group travel, save money, and then relax and enjoy your journey with family and friends.

GroupSave tickets offer great value, and can be purchased in several ways:

- Visit **GWR.com** and search for tickets
When you request tickets for between 3 and 9 passengers, GroupSave tickets will appear with a 'G' next to them, indicating that the GroupSave discount has already been applied
- From your nearest staffed station
- Phone 03457 000 125 (0700 to 2200 daily)
- On the train (when boarding at an unstaffed station, or if the booking office was closed immediately prior to travel)

Groups of 10 or more may be able to make even greater savings with a Group Travel booking. Call 03457 000 125 for further details.

Please note that GroupSave Tickets are not always available. During busy times of the year, or when special events are taking place on or near our network, we may temporarily withdraw the GroupSave offer. In these circumstances we will publicise this information on posters at stations, and on our website.

For details of when GroupSave tickets are unavailable please visit **www.nationalrail.co.uk** and search for 'GroupSave calendar'.

*The discount applies to all off-peak Great Western services, except the Night Riviera sleeper.

* GroupSave is not valid on CrossCountry services.
